### Easily track important information

The Project Tracker Guide is your free manual that includes area details, color samples, data pages, MSDS and more.

### Get high-quality coatings and protection for every area of your facility

- Sealants and caulks
- Roof coatings
- Dry erase coatings
- Masonry coatings
- Anti-graffiti coatings
- Field and pavement marking

### Protect access to drinking water

We have water and wastewater solutions to combat corrosion and extend the service lives of critical assets — with fast return-to-service times to minimize downtime.

### Meet the most stringent environmental standards

We're dedicated to reducing environmental impact and offer many coatings that meet LEED, MPI, GREENGUARD Gold and other standards.

### Harness the power of color

From exterior photo imaging to fast, accurate Sher-Color™ computerized color matching, we offer a range of support to help you enhance employee satisfaction and productivity.

### We're the team behind your team

From NACE-certified specification specialists to experienced store managers and local representatives, we employ the best-trained experts in the industry who understand the dynamic needs of government facilities.

### SuperPaint® with Sanitizing Technology Interior Latex — Keeps walls sanitized 24/7

This exclusive Sherwin-Williams innovation helps deliver continuous and ongoing antibacterial action to painted surfaces, remaining effective in killing 90% of certain bacteria<sup>†</sup> even after repeated contamination.

<sup>†</sup>Staphylococcus aureus, Enterobacter aerogenes, Methicillin-resistant Staphylococcus aureus (MRSA), Vancomycin-resistant Enterococcus faecalis (VRE) and Escherichia coli
