

AT&T and NPPGov Partnership

AT&T and NPPGov have a long-standing relationship with a publicly solicited / awarded contract for government entities.

FireRescue GPO and Law Enforcement GPO are programs of NPPGov with contracts that focus on Fire/Rescue and Law Enforcement members' needs.

NPPGov members have full access to purchase a wide variety of AT&T products and solutions through the AT&T contract, saving time and money in the procurement process.

- Discounted pricing PLUS individual benefit programs for the employees of government and educational entities, firefighters and police officers!
- Contracting is simple via a Participation Addendum. It's easy!

To begin, visit www.nppgov.com/att or call 877.329.8847.
