The Lakeshore® STORY

A Simple Beginning

The Lakeshore story begins with one person taking a chance—our founder, Ethelyn Kaplan. In 1954, this single mom packed up her family and headed to California to open a toy store. Not long after she set up shop, educators began calling her for classroom supplies. In that moment, Ethelyn discovered a higher purpose—serving teachers.

Lakeshore® PRODUCT Innovation

At Lakeshore, we're focused on innovation—not only in the products we create but also in the way we develop them. What's our secret? Our in-house developers are teachers themselves, using firsthand knowledge of the classroom to create one-of-a-kind materials you won't find anywhere else. From the diverse tones of *People Colors® Crayons* to the hands-on reinforcement of *Engineer-A-Coaster Activity Kit*, our product developers put innovation front and center.

Developed by Teachers for Teachers

All of our product developers are educators who apply real-world classroom experience to every product they create—helping Lakeshore provide the materials teachers need so students can reach their education goals year after year.

Engineered for Success

Lakeshore product developers are supported by in-house engineers and designers who turn great concepts into products that promote learning in and out of the classroom.

To ensure quality and safety, every product undergoes an average of 100-plus hours of development and testing before it reaches our customers.

Infants & Toddlers

We know that little ones love to investigate the world around them. So our product developers create infant & toddler materials that invite lots of exploration—while withstanding wear & tear and keeping children safe.
