Why should you choose Vizocare?

- Vizocare is a division of Vizocom, a trusted, 10-year Government contractor with thousands of fulfilled contracts with Federal and Local Governments.
- We control our full supply chain from the manufacturers to the point of sales, including our own quality control and warehouses.
- We are FDA registered and only provide quality products.
- We are a one-stop source for a complete range of purification, sanitization and PPE products.

Organizations that trust our services

We have helped many public, private and nonprofit organizations in a short span of time with Coronavirus protection equipment and supplies, some of which are listed below:
