## HOWEVER YOU TRAIN, WHEREVER YOU TRAIN

BeaverFit is a veteran-owned company offering world-class indoor, outdoor and mobile training solutions.

As a globally trusted partner, BeaverFit has installed thousands of custom training solutions to fitness clubs, franchises, universities, all branches of the U.S. military, NATO forces and Fortune 500 companies.

All products are made in the USA and proven to perform in the toughest training environments. With in-house design engineers and manufacturing, the BeaverFit team proudly takes on the challenge of creating custom, turnkey equipment solutions that meet the specific space, needs and training requirements of partners.

**NO MATTER WHAT YOUR MISSION,  
BUSINESS OR FITNESS DEMAND,  
BEAVERFIT EMPOWERS YOU  
WITH DAM STRONG AMERICAN-MADE  
TRAINING SOLUTIONS.**

## BUILT WITH PURPOSE

### MADE IN THE USA

All BeaverFit equipment is designed and manufactured in our HQ facility in Reno, Nevada.

### ULTRA STABLE + DURABLE

We utilize 7 gauge 3x3 and 4x6 steel tubing for all non-portable solutions as opposed to the less durable industry standard.

### SUPERIOR WEATHERPROOFING

For almost a decade, military forces have used our products in the harshest climates in the world. Utilizing hot-dip galvanization and powder coat, our products are purpose built for outdoor use.

### INTERACTIVE DESIGN

We collaborate with customers to create the ultimate outdoor training area based on their available space, target budget and desired outcomes.

### INSTALLATION

We offer white glove installation services to create a pain-free installation and delivery experience.

We will help you create an outdoor training center to meet your unique needs and requirements.

## PROVEN RESULTS

“

*BeaverFit was the ideal partner - their build quality and material choices matched our ethos of offering the very best to our members. I don't think many other companies would have the same design, innovation and fabricating skills as BeaverFit. They were able to build around all of the architectural challenges to still provide a world class training setup that gave us exactly what we were missing.*
