

NOTICE OF SOLICITATION

LEAGUE OF OREGON CITIES

RFP NUMBER 2545

SOLICITATION FOR: LEASING SERVICES FOR GOVERNMENT

Notice is hereby given that the LEAGUE OF OREGON CITIES (LOC) will accept proposals for Leasing Services for Government at the electronic address listed below until the end of day on July 21, 2025. Those proposals will be for the LEAGUE OF OREGON CITIES and members of National Purchasing Partners Government Division ("NPPGov") across the nation, including but not limited to governmental units incorporated by "ATTACHMENT H" of the Request for Proposal (RFP), WIPHE members identified in "ATTACHMENT G" of the RFP, as well as government units in all other states (collectively, "Participating Agencies"). Significant sales potential exists because the resulting Master Price Agreement for national proposers will include piggybacking language that permits use of the Master Price Agreement nationwide, which may allow Participating Agencies to forego duplicating the formal solicitation process and expend staff resources and funds.

All Proposals must be signed and uploaded to the designated website. Only those proposals received at the designated website by the due date and time will be considered.

SOLICITATIONS FOR: **LEASING SERVICES FOR GOVERNMENT**

1.0 INTENT:

1.1 GENERAL INTENT

The LEAGUE OF OREGON CITIES (“LOC”) serves as the “Lead Contracting Agency” for this solicitation on behalf of its members, and as authorized by the LOC Intergovernmental Agreement, which is an agreement for intergovernmental cooperation among select local Oregon governments and recognized under ORS Chapter 190. LOC, in association with the members of National Purchasing Partners, LLC dba NPPGov (hereinafter referred to as “NPPGov”), comprises a cooperative procurement group. NPPGov membership includes government and non-profit entities across the United States and Canada, K-12 and Higher education, Tribal government, and other public entities which includes members of Public Safety GPO, First Responders GPO, and Law Enforcement GPO. As required by certain states and provinces, LOC and NPPGov have prepared an Attachment referencing eligible Members that also can be found on the LOC and NPPGov web sites. This procurement group is soliciting proposals from qualified companies (hereinafter referred to as “Proposer”) to enter into a Master Price Agreement for Leasing Services for Government.

The intent of this Interstate Cooperative Procurement Solicitation (hereinafter referred to as “Solicitation” or “RFP”) is to invite Proposers to submit a competitive pricing proposal offering Leasing Services for Government to LOC, which will then be made available to NPPGov members locally and nationwide; to reduce expenses by eliminating multiple requests for proposals and multiple responses by Vendors; and to obtain discounted pricing through volume purchasing. Significant sales potential exists because the Master Price Agreement will be used nationwide which may allow Participating Agencies to forego duplicating the formal solicitation process and expend staff resources. Preferably, the successful Proposer will provide its entire catalog of products and/or services in order that Participating Agencies who wish to access the Master Price Agreement may order a broad range of goods and services as needed.

With the exception of successful local Proposer(s) capable of servicing LOC and Participating Agencies within the state of Oregon, successful Proposer(s) should have a strong national presence for Leasing Services for Government for use by government agencies nationwide.

This Solicitation meets Oregon public contracting requirements (ORS 279A et. seq.) and may not be appropriate under or meet Participating Agencies’ procurement laws. Participating Agencies are urged to seek independent review by their legal counsel to ensure compliance with all local and state solicitation requirements.

1.2 POTENTIAL MARKET

The LOC is publishing this RFP to create publicly awarded contracts for use by its members, which may also benefit the thousands of fellow members of NPPGov, Public Safety GPO, First Responders GPO, and Law Enforcement GPO. These are nationwide programs representing member government agencies in all 50 states. We encourage each Proposer’s response to be a collaborative effort including manufacturer and distributor (when they are not the same company) to ensure nationwide contract utilization.

Proposer’s response should also take into consideration the considerable market potential for this Solicitation. Because the successful proposal will be incorporated into a nationwide cooperative procurement program including tens of thousands of state, local government and non-profit participants from all 50 states, the LOC believes that contracts created from this Solicitation will provide vendors with a significant market advantage. Members of NPPGov, Public Safety GPO, First Responders GPO, and Law Enforcement GPO and current

vendors who participate in the program indicate the ability to shorten the sale cycle by eliminating the need to complete individual RFP processes is a significant advantage to participation.

The LOC believes that participation in the NPPGov purchasing program benefits both its Participating Agencies and successful Proposers. NPPGov engages with successful proposers who complete the Vendor Administration Agreement through a marketing and sales partnership. This partnership includes (but is not limited to) contract promotion to members, contract administration support to potential customers and live customer phone support.

Based on the historical volume of similar contracts, the estimated annual value of all transactions resulting from contracts awarded through this RFP is approximately USD 40 Million. Consequently, proposers are expected to offer volume pricing to reflect this potential scale. However, it is important to note that while considerable sales volume is anticipated, sales volume is not guaranteed and may vary from year to year.

1.3 REQUIREMENTS

1.3.1 The RFP and resulting Master Price Agreement are anticipated for use by the LOC's government members, as well as other Participating Agencies across the nation. The LOC has entered into an Intergovernmental (interlocal) Cooperative Purchasing Agreement with other Participating Agencies for the purpose of obtaining Master Price Agreements with various vendors. Interlocal cooperative purchasing agreements allow Participating Agencies to make purchases at the LOC's accepted proposal price, terms and conditions, provided that the Participating Agency has satisfied all of its local and state cooperative procurement requirements. Proposer(s) agrees to make the same proposal terms and price, exclusive of any possible rebates, incentives, freight and transportation fees, available to other Participating Agencies. The LOC and NPPGov will not incur any direct liability with respect to specifications, delivery, payment, or any other aspect of purchases by such Participating Agencies or nonprofit institutions. The Intergovernmental Cooperative Purchasing Agreement is incorporated by reference herein and is available upon request — See Attachment A.

The successful Proposer must work directly with the Participating Agencies concerning the placement of orders, disputes, invoicing and payment. The LOC and NPPGov shall not be held liable for any costs or damages incurred by or as a result of the actions of the Vendor or any Participating Agency. Successful Proposers must comply with the state and local laws, rules and regulations in each state and locality where the product or service is provided.

1.3.2 Each Participating Agency shall execute a Participating Agency Endorsement and Authorization included in the Intergovernmental Cooperative Purchasing Agreement. While the terms of the Master Price Agreement shall govern the general pricing terms, each Participating Agency may request modification of the Master Price Agreement in accordance with each Participating Agency's state and/or local purchasing laws, rules, regulations and procedures, provided said modifications are not material changes. Each Participating Agency may, at its discretion, and upon written agreement by the Participating Agency and Successful Proposer, request additional legal and procedural provisions not included herein that the successful Proposer must adhere to if it wishes to conduct business with said Participating Agency using the Master Price Agreement.

1.3.3 NPPGov, Public Safety GPO, First Responders GPO, and Law Enforcement GPO provide vendor exposure/marketing and contract utilization support for the successful Proposer's products and services. Successful Proposers servicing the awarded contract to Participating Agencies shall pay a Contract Administration Fee representing 2% percent of actual net sales under the Master Price Agreement as established in the NPPGov Vendor Administration Agreement (available upon request). Administration fee may not be listed or charged as a separate line item to users of the contract. The value of trade-ins or rebates shall not affect the amount of the administration fee paid to NPPGov.

1.4 MULTIPLE AWARDS

Multiple awards may be granted to meet the requirements of this Solicitation provided that such awards are differentiated by product make and model, service, and/or distribution regions and capabilities of the successful Proposers. Specifically, the LOC may award separate contracts to Proposers in order to cover all local and national geographical markets, electronic purchasing capabilities, and products and services identified in this Request for Proposal, as well as the diverse and large number of Participating Agencies. The award of multiple contracts is to be determined upon receipt and review of all proposals and based upon the general criteria provided herein. The LOC may solicit proposals from local qualified companies with or without a national

presence provided that the successful Proposer is able to provide the LOC with the products and services requested. Multiple awards will ensure fulfillment of current and future requirements of the diverse and large number of Participating Agencies. In the event a local Proposer with no national distribution capabilities best meets the proposal selection criteria, multiple local and nationwide responsive proposals may be awarded simultaneously in the best interests of local commerce, compliance with local laws, and the Participating Agencies nationwide.

Proposers should be able to serve the needs of Participating Agencies on a national basis. However, this requirement shall not exclude local Proposers without a national presence that are capable of meeting the requirements of the LOC within the state of Oregon.

1.5 CONTRACT USAGE

The actual utilization of any Master Price Agreement will be at the sole discretion of LOC and the other Participating Agencies. It is the intent of this Request for Proposal and resulting Master Price Agreement that Participating Agencies may buy directly from Successful Proposers without the need for further solicitation. However, Participating Agencies are urged to seek independent review by their legal counsel to ensure compliance with all local and state solicitation requirements as well as the need of further notice prior to utilizing the Master Price Agreement

1.6 BACKGROUND OF NPPGov

NPPGov, owned by two non-profit healthcare organizations, provides group purchasing opportunities and purchasing administrative support for governmental entities and nonprofit institutions within its membership. NPPGov's membership includes participating public and nonprofit entities across North America.

1.7 EQUAL OPPORTUNITY

The LOC encourages Minority and Women-owned Small Business Proposers to submit proposals.

1.8 QUALIFIED REHABILITATION FACILITIES

Oregon Public Agencies are prohibited from use of products and services offered under this contract that are already provided by qualified nonprofit agencies for disabled individuals as listed on the Department of Administrative Service's Procurement List pursuant to ORS 279.835 ORS 279.855.

2.2.1 Provide a description of the Leasing Services for Government offered as set forth in ATTACHMENT C. Option (A) is preferred. If option (A) is not feasible proposer may use option (B) provided Proposer includes a justification.

B Alternatively, contract pricing may be based upon fixed prices (contingencies for economic price adjustments must be identified in the proposal), or a combination fixed percentage off and firm fixed prices. Proposer may offer additional discounts to LOC and Participating Agencies based on volume.

If proposers are responding with option "B", proposers may request price increases based on manufacturer costs, cost of labor and/or materials that must be supported by appropriate documentation. If LOC agrees to the price modification, LOC may approve in writing, including electronic mail, without the need for a written amendment to the Master Price Agreement.

Proposer may replace or add product lines to an existing contract if the line is replacing or supplementing products on contract, is equal or superior to the original products offered, is discounted in a similar or to a greater degree, and if the products meet the requirements of the solicitation. No products may be added to avoid competitive procurement requirements. LOC may reject any additions without cause.
- 2.3.3 Explain any additional pricing incentives that may be available such as large volume purchases, cash terms, or rebates to Participating Agencies. However, steeper discounts are preferred to rebates.

SPECIFICATIONS

LEASING SERVICES FOR GOVERNMENT

GENERAL:

This RFP is a solicitation for a Lease/Purchase (Installment Purchase) contract. The purpose of this RFP is to establish interest rates for third-party installment purchase contracts (lease purchase agreements) to be entered into periodically as indicated in the notice of Request For Proposals, and to establish the contractual conditions under which these installment purchases will be made by NPPGov members. Examples of items to be financed are technology equipment, vehicles, modular buildings, energy projects, etc. The selected Proposer(s) will serve as the primary Lender(s) under this contract. The Lender will, subject to Participating Agency's credit approval, provide governmental lease purchase services to End Users that comply with all applicable provisions of the Internal Revenue Code of 1986, as amended, including without limitation Sections 103, and the applicable regulations of the Treasury Department to maintain the exclusion of the interest components of Rental Payments from gross income for purposes of federal income taxation.

FUNDING CAPABILITY:

The Proposer must describe its capability to fund and service its lease portfolio. Issuance of Certificates of Participation (COP's) and related disclosure requirements on the part of End Users will not be acceptable. It is strongly preferred that the Lender service all leases and all payments throughout the lease term based on credit approval.

FUNDING OBLIGATION:

The Lender will be responsible for funding of specified capital items listed on End User's purchase orders during the contract period. Funding obligation shall be subject to End User final credit approval and documentation package completed to the satisfaction of the Lender in the Lenders sole and absolute discretion.

FINANCING REQUIREMENTS:

The "Basis Points" pricing formula proposed on the "Pricing Schedule Basis Points Form" included in Attachment D shall be firm for the duration of the contract period. The Lender shall, upon request, quote interest rates to the End User in accordance with the funding "Basis Points" proposed on the Pricing Schedule Basis Points Form of the proposal plus the current interest rate reported in the Index of choice as stated within the Proposal and the Pricing Schedule Basis Points Form. Agreements resulting from this specification will constitute a tax-exempt obligation.

FUNDING:

As part of the financing contract, documents from the End User certifying receipt of personal property to be financed under this contract will be issued to the Lender within ten business days after actual acceptance of the item.

The date for remittance of the financed amount by the Lender shall occur not more than 10 business days after receipt of a correct invoice on the equipment/personal property and appropriate payment and/or authorization forms.

When personal property has been purchased by LOC or NPPGov members and delivered to the End User, the Lender will remit payment to the product vendor after receipt of the correct invoice. NPPGov basis points administrative fee proceeds (based on present value formula), as indicated on the Pricing Schedule Basis Points Form, shall be forwarded to NPPGov in accordance with section 1.3.3 of the RFP.

PERSONAL PROPERTY:

Only personal property (movable equipment) may be financed under the provisions of this specification and any property financed under the provisions of these specifications will at all times remain personal property. An End User, in accordance with the directives and/or instructions from the property manufacturer/dealer shall maintain personal property financed under the provisions of these equipment purchase specifications.

An End User will provide, at its expense, all permits, insurance and licenses, if any, necessary for the installation and operation of personal property listed in a lease purchase agreement. Title or software rights of any personal property shall pass to an End User upon completion of its acceptance process, the Lender funding of the purchase, and the equipment manufacturer/dealer contractor receiving its funds. The title or software rights are subject to security interest in favor of the Lender, for the amount financed, for which a standard National U.C.C. Financing Statement may be executed. Upon completion of all installment payments by the End User, the security interest of the Lender will be relinquished and full title or rights, without lien, will pass to the End User.

END USER PAYMENTS:

Payments of the principal and interest in accordance with the agreement between the End User and the Lender will be made to the Lender upon presentation of correct invoices.

PROPOSED PRICING:

Proposers may select the Index they are most familiar with or normally use. The Index selected shall be described in detail including, but not limited to, the reasons Proposer uses the particular Index, what the Index is tied to (such as municipal bonds), whether it is a subscription or non-subscription Index, whether it is a taxable or non-taxable Index, etc.

Proposer shall submit with their proposal the most current Index listing (pages) as well as a simple explanation on how the Index is used and will be used when an End User makes an inquiry. If there are simple links via the Internet, that should be shown as well.

During the evaluation period, the Proposer shall also be prepared to submit (via email) a more current Index listing than the one in they submitted with their Proposal. Proposers shall also submit with their proposal a history of the Index they are proposing. This history shall cover eight specific dates over the past two-years. If these dates fall on holidays, weekends or other days that the Index is not published, the next business date should be used. This history should be submitted on the Index History Table in ATTACHMENT D following the Pricing Schedule Basis Points Form. The Pricing Schedule Basis Points Form (or similar system Proposer proposes) shall be included with the Proposal.

TABLE

The Pricing Basis Points Form found in Attachment D is one example of an index that may be used in a proposer's response. If the Index the Proposer is offering does not address each year 1 thru 15, calculate what the interest would be and make sure LOC is fully aware how the calculations were obtained (such as the average between years 2 and 4 for a 3-year obligation). This should apply to all charts on the Pricing Schedule Basis Points Form. All blanks on the charts should be filled in. If Proposer's policy dictates loan offers for specific years only (e.g., only offers loans for all odd numbered years), this must be fully explained within the Proposal.

If the Index the Proposer is offering cannot address the issues stated under the heading "Proposed Pricing" above, first consider using an Index that can adhere to these issues. If that is not an option, give complete details as to why not and give some historical detail that can be verified and evaluated. NOTE: It is always the intent of LOC to make the lease/purchase process as easy and as uncomplicated for our participating End Users as possible. Always keep this in mind as you move through the process of submitting your Proposal.

Another example of an index response would be an index that will be multiplied by the Constant Maturity Treasury (CMT) rate for the like term maturities as published in the ICE Swap Rates for the date that the interest rate is fixed for a particular Lease Schedule. In this example, each proposal provides a rate index for 25-36 months (using the 3 year CMT), 37 through 48 months (using the 4 year CMT) and 49 through 60 months (using the 5 year CMT), 61 through 84 months (using the 7 year CMT), 85 - 120 months (using the 10 year CMT), 121 through 144 (using the 12 year CMT), and 145 through 180 months (using the 15 year CMT).

Proposer shall provide its early loan payoff policy proposed for consideration in the evaluation. If a loan follows the Lenders early loan payoff policy it shall not affect the NPPGov's fee, which is paid to NPPGov up front.

Proposers shall provide with their proposal response all available dates and information needed for LOC to completely and thoroughly perform the proposal evaluation, whether all information was specifically requested or not.

It is understood by the Proposer(s) that if a Proposer is successful in obtaining a contract with LOC, the Proposer may still negotiate leases/purchases with the End User for a lesser rate (either Proposers basis points or stated Index interest rates) in order to get the End Users business, but cannot under any circumstances raise any portion of the calculated fees as stated in the Proposal. The Proposer should not necessarily limit the proposal to the performance of the services in accordance with this document but should outline any additional services and their costs if the Proposer deems them necessary to satisfy the intent of this RFP, including options such as Escrow Funding, Prepayment and Purchase Options at Lease Expiration. Proposers may include an option for a non-municipal rate for volunteer/non-profit agencies as allowed by applicable tax code.

BASIS OF PROPOSAL

This proposal is based upon financing being provided by Lessor and should not be construed nor relied upon as a commitment. Such a commitment is subject to formal credit review, approval and execution of mutually acceptable documentation. The contract, and not the proposal, will set forth the agreement between the parties.
