

SAFER SCHOOL SOLUTIONS:

Transforming School Safety Through Data-Driven Intelligence

ThrivED™ platform allows schools to:

Elevate Team Performance: Move beyond basic training with instant, contextual coaching that guides staff through each step of the BTA process when it matters most

Ensure Consistent Implementation: Our Technology-Enhanced Fidelity system encourages uniform protocols and accountability across all team members, eliminating dangerous gaps in your safety framework

Unlock Actionable Insights: Transform complex threat data into clear visual patterns that reveal trends, highlight concerns, and guide proactive interventions

Support Every Student: Ensure no child falls through the cracks with comprehensive support tracking and personalized intervention recommendations

ThrivED™: The Revolutionary Behavioral Threat Assessment Platform That Transforms School Safety

Our intelligent system delivers **real-time coaching**, **expert guidance**, and situation-specific prompts exactly when your team needs them—**drastically simplifying training** while building lasting confidence and competence.

With role-specific learning paths, **data-driven processes**, and built-in documentation tools, ThrivED™ ensures **consistent, high-quality implementation**. Scalable and integrated with broader safety and mental health priorities, it supports **schools of all sizes** in building sustainable, effective BTA programs

Seamlessly Scales to Your Needs

From small private schools to sprawling district-wide implementations, ThrivED™ flexes to your unique requirements—delivering the same expert-level protection and insights regardless of your size, resources, or location. No school is too big or too small to benefit.

Built on Multi-Disciplinary Excellence

ThrivED™ seamlessly integrates best practices from education, law enforcement, and behavioral threat management into intuitive workflows designed specifically for school environments. Our platform transforms complex safety protocols into clear, actionable steps that empower your team to respond with confidence.
